# Rental Terms and Conditions

## 1. Equipment Condition and Damage Responsibility

The renter acknowledges that the equipment is received in good working condition unless otherwise documented at the time of pickup or delivery. The renter is responsible for any loss, damage, theft, misuse, neglect, or mechanical damage that occurs during the rental period. The renter agrees to pay for repairs, replacement costs, transportation, and loss-of-use fees associated with damage occurring while the equipment is in the renter's possession.

## 2. Late Return Policy

Equipment must be returned by the agreed rental end date and time listed in the rental agreement. Late returns without prior approval may be charged the standard daily rental rate for each additional day the equipment remains in the renter's possession. If additional rental time is needed, renters should contact DEK Rentals as soon as possible.

## 3. Fuel Policy

Equipment is provided with fuel at the current level at the time of pickup or delivery. The renter agrees to return the equipment with the same fuel level. If the equipment is returned with less fuel than when received, a refueling charge may be applied.

## 4. Security Deposit

A security deposit may be required before equipment is released. The deposit may be used to cover damage, loss, late return, or unpaid rental charges. If equipment is returned in acceptable condition and rental obligations are satisfied, the security deposit will be refunded.

## 5. Liability

The renter assumes full responsibility for safe operation of the equipment and accepts liability for injuries, property damage, or losses resulting from equipment use.
